A: I'm sorry to hear that. What has been the problem?

B: My connection has been repeatedly dropping-out and, when it is connected, the speeds are very slow.

A: Let me check to see if there is a reported issue with our network in your area. I need your client number, do you have it?

B: Yes, my client number is 7654-321.

A: Thank you. The system does not show any maintainance in your area.

B: So, the problem must be on my end.

A: I can't tell from here. I'll get a technician to come to your house and take a look.

B: Okay, how soon can they come out?

A: I can get someone out there between 10am and 2pm tomorrow. Will someone be home at that time?

B: Yes, I will be home.
